

ALASKA'S RESOURCES & INDUSTRIES - AMERICA'S FUTURE SECURING AMERICAN DOMINANCE

UNIQUE PARTNERSHIPS

Alaska Native corporations deliver expertise and traditional knowledge across industries.

ENERGY GIANT

Billions of barrels of oil, trillions of cubic feet of natural gas and half of the country's coal-resource base remain untapped in Alaska.

MINERAL TREASURE

Alaska holds 49 of 50 critical minerals identified by the U.S. government.
(Source: BOEM)

SEAFOOD POWERHOUSE

Alaska produces more wild seafood than all other states combined.

FORESTRY POTENTIAL

Only 2% of the 16.7M acres within the Tongass National Forest is considered suitable and available for harvest.

TOP VISITOR DESTINATION

Alaska is one of the world's top travel and sportfishing destinations.

STRATEGIC GATEWAY

Alaska positions the U.S. as an Arctic nation, opening crucial global connections.

WE ARE READY. LET US LEAD.

OUR ASK TO CONGRESS: LET US POWER THE NATION.

Support responsible development • Invest in infrastructure • Streamline permitting
